SEK 10 000

Bellissimo Album

I also offer a range of bespoke and individually designed albums, which makes each one completely unique. I offer these hand bound albums in 3 main sizes with a possibility to order smaller copies ideal for the handbag. Since I never use any templates when designing the albums I never make the same album twice. The design has proven a real hit with my clients. Fabulous and handmade with love, these are the ultimate wedding albums. Must be seen!

| | |
|-------------------------|---------------------------------------|
